# LSHTM

## OPEN DATA KIT

# A zero-cost electronic data capture system for global health researchers.

Media Assisted surveys
Capture images, audio & video
Barcoding and 3rd party app integration
Offline Mode
Encryption
Remote/Automated monitoring
Instant data sharing

# A Hybrid
# Data Entry System

Tablet/Phone via app
Webforms via Browser

Secure HTTPS protocols
Powerful but user friendly design interface

How often are you unable to get the medicines that your household needs?

- ○ medicines are unavailable all the time
- ○ medicines unavailable some of the time
- ○ we usually get the medicines we need
- ○ we.always.get.medicines.we.need

Sorting Medicines

|  | Frequent Use | Cannot Access | Don't Work | Don't Recognise |
|---|---|---|---|---|
| **Azithromycin** | ○ | ○ | ○ | ○ |
| **chloramphenicol** | ○ | ○ | ○ | ○ |
| **doxycyclin** | ○ | ○ | ○ | ○ |
| **erythromycin** | ○ | ○ | ○ | ○ |

Why you think that the drugs in this group [refer to correct group] don't work?

Do you think that some of these are fake/conterfeit?

- ○ Yes
- ○ No
- ○ No Opinion / Do Not Know

Do you think that some of these are substandard?

- ○ Yes
- ○ No
- ○ No Opinion / Do Not Know

Do you think that there is resistance to this medicine?
